

SOACP MODULE 17

Service Governance & Project Delivery Lab

Arcitura®
CERTIFIED
Service Governance
Specialist

OVERVIEW

As a continuation of course modules 15 and 16, this course allows attendees to apply the frameworks, models, practices and strategies previously covered in order to complete a set of exercises. Participants are required to solve a number of SOA governance-related problems associated with establishing project and service lifecycle governance programs, measuring and identifying weaknesses in existing governance systems, and applying service governance precepts and processes in response to business requirements.

Duration: 1 Day

TRAINING + CERTIFICATION

This course is part of a training and accreditation program through which official certification can be achieved and for which official training and certification badges can be issued.
